Iron Chargers receive invite to State Robotics competition

Last Saturday, the Grygla Iron Chargers found out that all of their hard work and late nights are paying off! The teams not only won numerous awards at their competition in Albany, but also received an invite to the State Robotics competition in February.

This year, the two teams are Team 4149C: Trystan Jelle, Abby Kiesow, Jake Ahlbeck and Elise Monson, and Team 4149G: Olivia Tykward, Julianne Nordby and Bailey Watne.

Saturday's competition was in Albany, Minnesota. The competition started out with

the two Iron Chargers teams going head to head in their first qualification match. The G team came out on top and ended up with a 5-0 record. The C team was 4-1, with their only loss being from their own G team! The C team ended up winning the skills challenge and by the end of the day had 101 points – the highest of the day for any team. Actually, they have the 4th highest score in the state – only topped by 3 Mankato teams!

At the end of qualifications, the C team was in 1st place and the G team was in 3rd. The C team choose to ally with

their own G team for the finals that afternoon. That alliance won the quarter-finals and advanced them to the semi-finals. The finals are best of three and the Iron Chargers lost 2-1 in the finals, but had a great day and both teams received state invitations being they were 2nd place tournament finalists. The State competition is February 2-3 in St. Cloud at the River's Edge Convention Center.

In addition to the C team being named the Robot Skills Champions, Team 4149G won the Excellence Award – the highest award of the day!

Robotics advisor, Isaac Kv-

asager, says, "It was a lot of fun going to Albany again. We missed out due to local tournament overlap last year. We have gotten to know some of the teams and coaches in Central MN and it was fun to see them again. They host an excellent tournament. We have sealed our state spots so now we have a bit more freedom to experiment with different ideas for the state competition."

Up next for the robotics team is a competition in Thief River Falls on Saturday, December 2nd.

Grygla School recognizes AEW

Last week, November 13-17, the Grygla School celebrated American Education Week. The NEA's American Education Week presents all Americans with an opportunity to honor individuals who are making a difference in ensuring that every child receives a quality education. The week long celebration spotlights the different people who are critical in building great public schools for the nation's 50 million K-12 students. American Education Week's celebration days included:

- Monday, November 13: National Kickoff. Schools across the country celebrated excellence in education by hosting kickoff events and activities. Students in Grygla received Mr. Freezes for the "Our School is Cool" theme.
- Tuesday, November 14: Tuesday was "Design a Flag/Pennant" where K-12 students designed a school flag to show school pride. 7-12 graders had a chance to win a \$10 school store gift certificate. 3 designs were chosen to possibly be made into a school flag available to purchase.

- Wednesday, November 15: Education Support Professionals Day. Individuals who provide invaluable services to schools were recognized for their outstanding work. Support staff in Grygla received goodies.
- Thursday, November 16: Educator for a Day. Community leaders were invited to the elementary classrooms to read aloud. Rose Hanson read to the Kindergarten class; Vicki Saude-Worthington read to the first and third grade classes; Joy Nordby read to the second graders; Hazel Thomas read to the fifth grade class. This day, students were also invited to dress up like their future career.
- Friday, November 17: Substitute Educators Day. This day honored the educators who are called upon to replace regularly employed teachers. A gift was given to everyone who subbed that day. Parents at the Grygla School were also invited to visit their elementary child's classroom from 9am-12:20pm and eat lunch with them.

In honor of American Education Week, students at the Grygla Elementary School were asked to dress up like their future career last Thursday. (Parents were also invited to spend time in the classroom, as seen on the right.)

Front row, L-R: Allie Sundberg, Addi Severts, Emma Sundberg, Josie Landsrud, Brianna Severts.

Middle row: Colbie McManus, Taylor Dougherty, Mollie Lunsetter, Joseph Stinson, Janessa Torgerson, Kein Kozlowski, Braeden Nordby.

Back row: Lila Alten, Rylin Stanley, Raymond Moe, Kian Ahlbeck.

Vicki Saude-Worthington and Joy Nordby were two of the guest readers in the classrooms last week.

Salo writes a winning essay on technology

Jorja Salo, a Goodridge 7th grader, has advanced to the district level of the VFW Patriot's Pen competition. This year's essay theme was "America's Gift to My Generation." Jorja competed against individuals in grades 6th-8th in our local area and had hers chosen by the local VFW in Thief River Falls. Her essay will now be in competition against the same age group at a larger district level.

Included below is her essay.

When I think of America's Gift to My Generation, I think of the new and improved technology that has been developed over time by previous generations, and has helped my generation tremendously. Technology has provided us with the ability to communicate to anyone around the world and have more opportunities to educate ourselves. Modern day technology has lead us to a better understanding of the world, giving us access to information and facts.

The way we communicate today compared to our ancestors has changed dramatically. In today's generation we can easily communicate through Social Media such as Facebook, Snapchat, Email, and Instagram. These are the many ways that we can stay in touch with our friends and family all around the world. Writing letters has become a thing of the past that our grandparents and their ancestors used to communicate with others far away.

Technology has greatly

changed education in many ways. There is so much information available through the internet that can answer any questions that you may have. Technology has become so powerful in education by making it easier for teachers to teach in new ways and help students take on more responsibility by gathering their own information found on the internet. Sources for information was very limited in past generations. In today's world we are fortunate to have such a wide variety of knowledge available to us at the tips of our fingers.

Communication and education play two very important roles in our lives. Technology has given us many advantages to communicate easily and to help further our education. I thank the past generations for all their hard work and struggles they had to endure to make life easier for future generations. I am thankful to be living in today's generation and excited to see what the future will hold. The possibilities are endless!

Sharing Tree is set up at ASB

The time is here for the Sharing Tree. Once again, the Marshall County Social Services is sponsoring the Christmas Sharing Tree project. This is an opportunity for the people of Marshall County to show their love and generosity by purchasing a gift for a child in need.

9 trees are set up around the county with ornaments on them representing a child in need of a Christmas gift. Grygla is included in the locations with a Sharing Tree set up at American State Bank of Grygla.

If you would consider helping out, stop by the bank in

Grygla and choose an ornament. Project details are available on site; all gifts must be returned to the bank by December 6th.

Here Comes Christmas performance coming to United in Gatzke

With just one rehearsal to go, the Greater Middle River Community Choir is ready for yet another Christmas season, bringing the story of Christmas in word and song through this year's cantata entitled, "The Silence and the Sound," written by Heather Sorenson. More than just a re-telling of the nativity, this work explores both the mystery and the majesty of Christ's birth. Filled with original sacred songs and beloved carols, this innovative cantata is not only a beautiful concert moment, but it is a true worship experience. The richness of both contemporary and traditional elements, along with thoughtful narrations, make this work an excellent choice for blended worship styles. The perfect blending of artistry and ministry!
Singers have a challenging but rewarding schedule set for the month of December and into early January. They have an opportunity to bring their message to hundreds of people. This is a cantata you won't want to miss. From the aggressive piano accompaniments to the inspiring vocals to

the sweet voices of children to the thought-provoking narration, this one has it all. About 45 singers from all around the area that have joined their voices to make this truly inspirational.

Dates, places and times that you can catch this group in action are:

Saturday, December 2nd: In Thief River Falls at Valley Home at 1pm, Greenleaf Assisted Living at 2:15pm, and Thief River Care Center at 3:30pm.

Sunday, December 3rd: Bethlehem Lutheran Church in Newfolden at 9am, First Lutheran Church in Middle River at 11am, and Nazareth Lutheran Church in Holt at 1:30pm.

Sunday, December 10th: United Lutheran Church in Gatzke for a joint service with Thief Lake at 10am, St. Joseph's Catholic Church in Middle River at 11:30am, LifeCare Greenbush at 6pm, and United Free Lutheran Church in Greenbush at 7:30pm.

Wednesday, December 13th: Rose Lutheran Church in Roseau at 7:00pm.

Sunday, December 17th: Evangelical Free Church in Newfolden at 10:30am.

Sunday, January 7th: Assumption Church at Florian at 11:30am.

That's thirteen opportunities to hear the real story of Christmas. Come on out and enjoy the music and the story of the season. You will be truly blessed.

Elementary basketball practice

Grygla and Goodridge Elementary basketball practice began last weekend for boys and girls in grades 4-6. This is for the Snowflake tournaments that are played in January and February.

The practice schedule runs from 9-11:30am with the location alternating between Goodridge and Grygla. There will be a bus available to bring kids to and from practice sites. The bus will leave each site at 8:30am and return by 12pm.

This Saturday, November 25th, there is no practice. The next practice will be Saturday, December 2nd, in Goodridge.

Snowflake games TBA at a later time.

Save the date

The Grygla Jaycees are asking you to save the date for Saturday, December 9th. They are organizing a fun afternoon and evening that includes a chili cook off and Bingo night! The event will be held at the Grygla Community Center and will be a free will donation.

Tentative plans include a vendor show from 3-6pm, sleigh rides and Santa from 3:30-6:30pm, a chili cook off and supper served from 4:30-6:30pm and Bingo to follow at 6:30pm.

You won't want to miss this evening of fun and you might even consider donating a pot of chili in the cook off! More information to come soon!

The Joy Of Thanksgiving
The Thanksgiving tradition began at Plymouth Colony in the autumn of 1621. After a successful corn harvest, Governor William Bradford declared a three-day celebration of thanksgiving and prayer. The colonists thanked God for the year's blessings.

Thanksgiving side dishes - Southern-Style Green Beans and Cheesy Broccoli Stuffing Casserole

In my opinion, the side dishes are WAY better than the main dish on Thanksgiving. I like turkey....especially smothered in gravy...but it's the side dishes that really speak to me.

These southern-style green beans are slow cooked in a bacon-infused broth and get so tender and soft. No one will complain about eating these veggies. The recipe serves 6.

Ingredients
4 slices bacon, diced
2 pounds green beans
2 cups chicken broth
2 cups water
1 teaspoon seasoned salt
1/2 teaspoon black pepper
1/2 teaspoon garlic powder
1/4 teaspoon red pepper flakes

Instructions
Brown and crisp bacon in a large pot. Remove and reserve. Leaving the bacon grease, add green beans to pot along with all remaining ingredients, except butter. Bring to a boil and then turn heat to medium-low. Cover and simmer for 1-2 hours, stirring occasionally. Drain beans at this point and add your butter. Sprinkle with diced/cooked bacon.

Cheesy Broccoli Stuffing Casserole

Council approved minutes, along with receipts, disbursements, checking, savings & total balances for that month. The payment of all bills was also approved. Other items included:

WATERTOWER
Shawn from KLM Engineering was present and reported that the water tower will need to be repaired in no more than 4 years. It needs work on both the inside and outside. To do the repairs will be approximately \$400,000; to build new would be approximately \$700,000. Either way, the city will have to raise the 'Water Tower Fee' and set those dollars aside to prevent a higher-amount loan. Council is looking into possible grants; to even qualify, the wa-

This is an easy dish made with frozen veggies, cream of chicken soup, rice and Velveeta cheese. It's AHH-MAZING. Like "better than the pumpkin pie" amazing. It's a great side dish to make for Thanksgiving. But if, for some reason, you just made regular stuffing for everyone around your table, you can make this recipe using that leftover stuffing. So there. You have NO excuses to not make this.

Ingredients
6 oz package of Stove Top Stuffing Mix, Chicken or Turkey
10 oz bag of frozen corn
10 oz bag of frozen broccoli
1 can cream of chicken soup
1 cup cooked white rice
1 cup Velveeta cheese, cubed

Instructions
Heat oven to 350 degrees. Make your stuffing as instructed on box. Spray baking dish with nonstick spray. Add frozen corn, frozen broccoli, soup and cooked rice in baking dish. Mix to combine. Place cubes of cheese all over the top of the casserole. Put stuffing on the very top so it covers the entire casserole. Bake for 35-40 minutes. These are the things dreams are made of, people. Now go in peace and serve your guests.

A HIPPIE'S HEALTH

Written by Tara Waltman

A hippie's health...what does that even mean? Hairy armpits with no deodorant and patchouli? Is that what you picture? Flowers in the hair, peace signs, halter tops? People living a calm, free life?

The no deodorant and patchouli is smarter than one might think. The hippies knew what they were doing. Let me tell you why. They didn't spread aluminum under their pits that then went into their lymph node and boobies. They were protecting their boobies! Lol. Also, Patchouli oil was often used for perfumes and in soaps and incense. Patchouli is perfect for the free spirit, so if you are a free spirit or want to be, this oil will only enhance that free spirit!

Right now I am thinking to myself, why don't I have Patchouli oil? I will have to add that to my list. You can use this oil for a calming, relaxing

Funding available to help low-income individuals and families

USDA Rural Development has funding available for very low and low-income individuals and families seeking to purchase or repair a home in a rural area. Income limits have recently increased.

We will work one-on-one to ensure quality customer service for all applicants. We want to help buyers prepare for this exciting step. USDA requires applicants to take a homeownership education course that will inform them of the buying process and help safeguard their important investment.

USDA's Direct Home Loan Program offers financing to qualified very-low and low-income applicants that are unable to qualify for traditional financing. No down payment is required, and the interest rate could be as low as one percent with a subsidy. Applicants must meet income and credit guidelines and demonstrate re-

payment ability. The program is available in rural communities of 20,000 people or less.

The maximum loan amount for the repair program is \$20,000 at a one percent interest rate, repayable for up to 20 years. Grants of up to \$7,500 are available to homeowners 62 and older and must be used to remove health or safety hazards, such as fixing a leaking roof, installing indoor plumbing, or replacing a furnace.

Contact USDA Rural Development today in your area to see if you qualify.

For more information in the following counties: Kittson, Marshall, Pennington, Polk, Red Lake, and Roseau Counties; please contact USDA Rural Development at 201 Sherwood Ave S., Thief River Falls, MN 56701 or 218-681-2843 x 4. You can also visit USDA's web-site at www.rd.usda.gov/mn.

GRYGLA LIBRARY LINK

Written by Kari Sundberg, Grygla Librarian

Things have been busy in the library. We have our regular readers that come in and check out their weekly books. We have had a few new faces stop by and request new material; that's always fun. We have a couple of kids come in who use the computers and also just want a quiet place to do their homework. And we have some patrons who like to swing by and pick out some good movies every week. These are the exact things a library should be used for. So I'd say we're doing alright.

Also, I wanted to share with you a nice card I received and appreciated. A generous donation was sent to the library in memory of Arlene Clausen.

It was submitted by Susan & Rich Cwikla, Joan & Darryl Rice, Bonnie & Roland Parquin, Danny & Jane Clausen, Curtis Clausen, Karen & Rick Boatman, Barb Clausen and the late Jim & Bonnie Clausen.

The card read:
Please accept this donation in memory of our mother, Arlene Clausen. Mom was so excited when the library opened in Grygla and was always concerned that it might not have enough patrons or money to keep going. In fact, she sometimes checked out books she had already read to keep circulation growing. She loved to read all her life and called books her friends as a little

girl. Please use this money for operating costs as you see fit. Thank you.

Honestly, I shed a few tears after receiving that. It's pretty common for libraries to receive monetary donations like that, but it's not common for the library in Grygla to receive such a gift.

A lot of people worry about our little library closing, but I can say that it's not even an item of discussion at any of our monthly meetings. The Grygla Library is doing great. So instead of the donation going towards operating costs or a "bill" for lack of a better word, it will be used towards something that can be recognizably in memory of Arlene.

With her love to read, I just know we'll find a great use for it. In fact, we just started our teen book club up for the year again. This year, I requested to do things differently. Instead of just picking our book and placing requests within our system and waiting on the books to arrive, I chose newly released titles for young adults and requested a dozen copies to be ordered of each one and placed in a book club kit, specifically. That way, we can check out the entire kit and everyone receives

their books on the same day. We just got our first kit with a dozen books in it last week. I believe they also ordered an e-version of each novel. It's so convenient and fun for us all.

But these are the types of things that take extra money.

"Reading gives us someplace to go when we have to stay where we are." I love that quote. And I love losing myself in a good book. Arlene felt that way, too. And I'm sure she would love to see so many of our local teens develop a love for books and the togetherness a book club creates. We have such a great time when we get together to discuss each book and this is just the type of thing Arlene would love to see. So, I'm not sure exactly where this donation will be put to use, but something like this is along the right path. We could create more book club kits that say "In Memory of Arlene Clausen" and many young readers would see it as the kits float between all of our Northwest Regional Libraries.

I just wanted to share that with you because it was a lovely card to receive and the donation will definitely be put to great use; something Arlene would feel good about and be proud of. So, thank you to all of the family members who contributed to that.

Hunters register 145,054 deer through second weekend of season

Minnesota firearm hunters registered 145,054 deer through the second weekend of deer season, according to the Department of Natural Resources.

Preliminary results through the second weekend show that the number of deer registered was up 10 percent from 2016. Of the deer harvested, 54 percent were bucks, compared to 63 percent during the same period in 2016.

Based upon the number of antlerless permits available and the number of permit areas that allow multiple deer to be taken, the DNR is projecting the 2017 total deer harvest to be around 200,000. The 2016 total harvest was 173,213.

In much of Minnesota, the firearms deer season ended Nov. 12.

There's no season like deer season

Last week, we featured the ladies and this week, the men deserve some credit! Check out these big bucks that were taken from around the area this season.

Jake Sletten shot his 10 pointer on November 18th at his uncle Gary's place.

Hunter McMillin shot this 185 pound, 9 point buck the morning of November 7th near his farm.

Hudson McMillin also shot a buck near his farm. This 175 pound, 9 pointer was taken on Saturday, November 11th.

Erik Jensen shot his 10 point buck on Thursday, November 9th near Highland. He says it was shot with a 30-06, which is a third generation gun. His grandpa bought it new from the old Coast to Coast in Thief River Falls in the late 1970's and passed it down to his son, and now Erik has it! The buck was shot at 100 yards before he disappeared into the woods. Erik says, "He was facing me straight on and I aimed for the middle of his chest. He dropped where he stood and didn't move an inch."
