A look at next week ... Goodridge School 2nd Quarter Honor Roll released.

The Goodridge-Grygla 500 Snowmobile Race took place over the weekend with nearly 100 sleds starting the 500 miles over the 2-day competition. Finishing 1st in the Pro Class was #312 Zach Herfindahl on his Arctic Cat. (Right) More action photos on the back page. Photo by Emily Pearl Photography

Goodridge 4-H students participate in 4-H Project Day

Submitted by Ashley Nerhus, Pennington County local extension educator

50 Pennington County 4-H members participated in a day of fun and learning during 4-H Project Day on Sunday, February 6, at the Legacy Event Center. 4-H Project Day allows youth to learn more about different project areas in a hands-on environment. Project workshops included the following:

- Fishing Sports Project led by BNE Tackle
- Indoor Gardening Project led by the Pennington County Master Gardeners
- Foods & Nutrition Project led by Pennington County 4-H & Kara-Kesh Holsteins
- Crafts Project led by the Olsonawski Family
- Fine Arts Project led by Celeste's Art 2 Go
- Shooting Sports & Wildlife Project led by the Minnesota Trappers Association

Project workshops were suited for different age groups with workshops being offered for youth in grades K - 12. Project learning is a cornerstone of the 4-H experience and allows for youth to participate in a learn-by-doing process. For more information about Pennington County 4-H, contact the Pennington County Extension Office by phone at 218-683-7030 or visit their website at extension.umn.edu/pennington

About Extension 4-H: 4-H is a youth development program of the University of Minnesota Extension. Available for youth grades K-1 year after high school, 4-H'ers participate in hands-on learning experiences in STEM, citizenship & leadership, animal science, creative arts and much more. Through this learn-by-doing process, youth obtain essential life skills such as problem solving, decision making, coping and communicating that help them succeed in their school, college, community and career. Research shows that youth who participate in 4-H have better grades and are more emotionally engaged with school, are more than twice as likely to be civically active and contribute to their communities and are 47% less likely to have risky or problem behaviors.

Grygla High School Honor Rolls Released

Kiesow receives degree from NDSU

Abby Kiesow, Goodridge, MN, was among the 957 students to earn degrees from NDSU in the Fall of 2021. Kiesow earned her BS in Accounting and graduated with honors. A student must earn a 3.50 grade point average or higher for this honor.

Grygla Lions Club to meet

The Grygla Lion's Club will be meeting this Wednesday, February 16th, at the Grain Bin Café at 6pm. Also, the Annual Member Night will be held this Saturday, February 19th, at the Grygla Community Center. The night will kick off with a 5:30-6pm Social Hour with the catered meal starting at 6pm.

The Grygla Lion's Club has always been a strong and active part of the community. Membership remains strong with almost 75 members and one of the largest in the district. Membership dues are \$35 (individual) and \$55 (couple).

Grygla Elementary Intramurals

Grygla Elementary Intramurals are in full swing for students in grades 4-6. Games are held every Friday from 1-3pm and will continue through mid-March. The games are open for parents, grandparents, and community members to come watch.

The February schedule is below, along with the teams.

February 18
1pm: Stars and Scars vs. Goal Diggers; 1:30pm: Flaming Bears vs. Miracles; 2pm: Flaming Bears vs. Stars and Scars; 2:30pm: Miracles vs. Goal Diggers

February 25
1pm: Flaming Bears vs. Goal Diggers; 1:30pm: Stars and Scars vs. Miracles; 2pm: Stars and Scars vs. Goal Diggers; 2:30pm: Flaming Bears vs. Miracles

Teams
Miracles: Coach Tucker Verbout, Gus Jones, Evan Grindahl, Brianna Severts, Alayna Carlisle, Kloe Slettes, Kolt Davis.

Flaming Bears: Coach Andrew Loken, Cooper Aune, Catelyn Rath, Josie Saurdiff, Kensley Brateng, Tycen Ostby, Parker Osse, Chloe Haugan

Goal Diggers: Coach Kate-lynn Larson, Paizley Moe, Emma Sundberg, Rown Johnson, Zachery Rian, Josephine Landsrud, Aria Saurdiff, Oliver Smeby.

Stars and Scars: Coach Justin Thompson, Hae-dynn Boutain, Caylen Rabbit, Grayden Hagen, Krystal Neuschwander, Brayden Kaczor, Hudson Knight, Summer Ruud.

Anonymous Hope

The Goodridge Community is excited to welcome a new program to our area called Anonymous Hope, which provides necessary items (shoes, hats, gloves, sports gear, school supplies, etc.) to kids in need. The program receives anonymous donations from people in the Goodridge community and surrounding area and 100% of the donations go towards providing hope for kids in need.

Anonymous Hope started in response to the incredible work that is being done by an-

other area organization with the same mission called Kidson Cares in Kittson County. The Community of Goodridge wanted to bring that same generosity and hope to our community and surrounding area as well. Thanks to a few generous donations the program was able to jump start recently. If you would like to donate to Anonymous Hope please call Tom Loberg or Becky Carson at the Goodridge School, 218-378-4134.

Cash Calendars

Reminder that the Grygla Celebration Committee is kicking off the planning of their annual Fall Fest with a cash calendar raffle. March cash calendars are now on sale until February 27th. They are \$20/each with 31 chances to win! Only 500 will be sold and can be purchased at area businesses (Fourtown Store & Tavern, American State Bank, Farm-

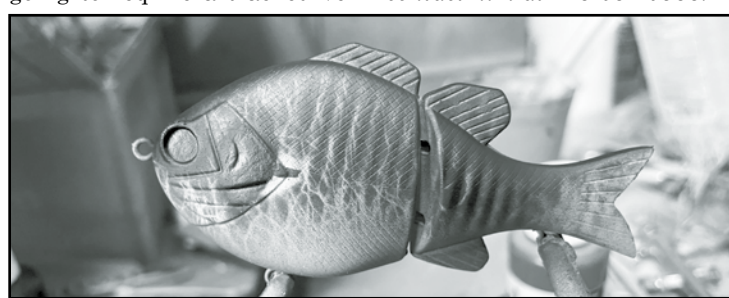

er's Union Cenex & Ag Station, Grygla Coop Store, Grain Bin Café, Sue's Beauty Shop, Goodridge Municipal Liquor Store & Lee's Store in Wannaska.

You can also purchase one by contacting a member of the Grygla Celebration Committee: Gretchen Smeby, Jaclyn Moe, Karla Byklum, Lindsay Oslund, Tonia Haack, Jack Nelson, Bob Thompson or Jodi Schulz.

Northern Lights fishing report

Written by Ben Kucera
On this week's report: snow, wind and some more snow. With all the weather fluctuations and white out conditions, fishing has slowed down even more. I was out on Deep Lake by Clearbrook trying my hand at catching a trout through the ice. Well, it didn't go as I had hoped. Zero bites and to cap it off, found out that I had a gas line leaking in my snowmobile. Once again, it was my typical adventure.

With all the wind and white outs on Lake of the Woods, I haven't been out there for a while. Reports are slow with a chance of getting skunked. Most of the fish caught are small 10" or less with a few slot fish. If you can be mobile and get out to hard-to-reach areas it may be better fishing, but it's going to require a tracked vehicle of some sort.

Energy and Water Assistance funding available

The Minnesota Energy Assistance Program is available to help Minnesotans pay for home energy costs, fuel delivery, past due water bills and possible furnace repairs. To apply please either call Northwest Community Action at 1-800-568-5329 and request an application or visit our website at www.nwcaa.org. Households requesting assistance in completing the application are encouraged to phone our office to set up an appointment.

Energy Assistance eligibility is based upon household income, household size, and

energy costs. Homeowners and renters may be eligible. Households who live in subsidized housing but pay either heat or electric costs may also qualify.

Income Guidelines for 3-Month Period (Household size/Maximum Income)
1/\$8,809; 2/\$11,520;
3/\$14,230; 4/\$16, 941; 5/\$19, 651; 6/\$22,362

Households may apply once during our program year of October 1, 2021 - May 31, 2022.

This program is funded by the Minnesota Dept. of Commerce and U.S. Dept. of Health & Human Services.

Fall Fest Button Contest

Mark your calendars for the Grygla Fall Festival to be held Saturday, August 27th & Sunday, August 28th. A Button-Design Contest is now open until February 27th. Entries can be mailed to Jodi Schulz at 64155 Flintlock Rd NW, Grygla, MN

56727. You can also drop off your design at Machinewell, Inc. The winner will receive 4 free buttons to the Grygla Fall Festival, along with the winning design being featured as the 2022 Grygla Fall Festival Logo.

NOTICE TO CONTRACTORS

Sealed quotes will be received until 4:30 p.m. on March 4, 2022 by the Marshall County Highway Engineer, Warren, Minnesota, on behalf of the Marshall County Board of Commissioners for the rental of heavy equipment to be used for road and ditch repair work within Marshall County.

Proposals shall be obtained from the Office of the County Highway Engineer, 447 S. Main, Warren, MN. All quotes must be submitted in a sealed envelope marked "Quotes for Equipment Rental 2022" and addressed to:

County Engineer
447 S. Main
Warren, MN 56762

Marshall County reserves the right to accept or reject any or all quotes and to waive irregularities therein.

Only in Minnesota: a weekly feature in the Eagle

Two fun facts for you this week that are worth re-sharing!
Did you know this photograph (that is commonly seen in a lot of homes and buildings) is actually our state photograph? Yes! It was adopted in 2002 and is titled “Grace” by Eric Engstrom, taken

• EXTENSION NEWS

U of M Extension to Host “Beef Genetic Selection” Webinar Series

The University of Minnesota Extension is excited to host a four part spring beef webinar series titled: Genetic Selection with a Vision – An integrated approach to creating profitability and opportunities for every type of beef cattle producer. The Zoom meetings will be held Monday nights - February 21 and 28, and March 7 and 14 from 8:00 pm – 9:00 pm CST. The webinar series will focus on how to select for beef sire selection, associated costs using artificial insemination (AI) versus natural service, cost of raising replacement heifers versus purchasing them, and how to care for the bull throughout the year and prior to turnout to ensure a successful breeding season. Farmers, 4-H’ers, ag business professionals who work with farmers, and anyone interested in beef cattle production are invited to attend.

February 21: Buying the Bull – How to Make Smart Decisions on Sale Day

Topics to be discussed: How to balance the use of EPDs, GE-EPDs, performance data, ratios, indices, pedigree, and phenotype to determine which bulls to purchase or which A.I. sires to use in your herd. Navigate through all the different types of data and learn which is most important to use based on your program objectives.

February 28: Breeding Costs – Artificial Insemination versus Natural Service

Topics to be discussed: Compare and contrast the different expenses associated with incorporating Artificial Insemination (A.I.) in the herd versus using bulls for natural service.

Overview of most commonly used synchronization protocols will be discussed, as well as best management practices to maintain a tight calving window and improve reproductive efficiency in the herd.

Speaker: Troy Salzer, St. Louis County Extension Educator

March 7: Raising versus Purchasing Replacement Heifers

Topics to be discussed: Expenses associated with raising your own replacement heifers versus purchasing them, and the trade-offs and considerations of using either management strategy. Will also look at the option of using a bi-annual replacement system, and how to make replacement decisions based on the cattle cycle.

Speaker: Dr. Eric Mousel, Cow Calf Management Extension Educator

March 14: Bull Breeding Soundness Exams & Bull Health

Topics to be discussed: Overview of bull Breeding Soundness Exams (BSE) and when they should be done prior to the breeding season, how many bulls are needed based on the number of females they will be breeding, bull vaccine protocols, and other year-round bull management considerations.

Speaker: Dr. Joe Armstrong DVM, Cattle Production Systems Extension Educator

Pre-registration is required. Please register online at z.umn.edu/BeefGenetics. You will receive a Zoom link after registration is completed. You only have to register once and you will be registered for all subsequent webinars. If you are unable to attend the live sessions, you will receive the recordings for all the sessions via email at the end of the series. Any questions please contact: Brenda

in 1918.

Another fun fact: Minnesota’s Northwest Angle, although not connected to MN by land, is the northernmost point in the contiguous 48 states and became so due to a surveying error.

Miller at nels4220@umn.edu.

Strategic Farming: Let’s talk crops! focused on weed management

Controlling weeds in crop production is challenging as herbicide resistance increases and effective herbicides become more limited. “Weed management is all about fundamentals,” explained Dr. Tom Peters, Extension sugarbeet agronomist and weed scientist at the University of Minnesota and North Dakota State University.

Those fundamentals include understanding weed biology. Weed identification is not easy, since what you see in the field may be very different from a photo. “You can’t control the weeds if you’re not sure what they are,” reinforced Peters.

In addition to identification, learning about the life cycles, emergence patterns and reproduction characteristics of the different weeds is also important. Together, these fundamentals will help crop producers select effective tools for their weed management programs.

After the dry 2021 growing season, will herbicide carryover be an issue in 2022? In a dry year, there will be more herbicide residual in the soil than in a wet year. Peters’ rule of thumb is to add the rainfall totals from June 1 to September 1. If the total is less than 6 inches, then growers should look at the herbicides applied in 2021, crops planned for 2022, and use that information to investigate the potential for carryover.

Herbicide resistance continues to be a major concern in Minnesota. Dr. Debalin Sarangi, University of Minnesota Extension weed scientist, began screening waterhemp populations for resistance to several

postemergence herbicides in 2020. He is considering a population resistant when more than 40% of its individuals can survive three times the normal herbicide application rate. Results from 2020 showed significant levels of resistance to two of the eight herbicides evaluated and lower levels for three more herbicides. In addition to resistance to single herbicides, multiple resistance is on the rise, making weed management even more challenging.

With increasing herbicide resistance, using an integrated weed management approach is critical. “It’s very important to go with a strong foundation, whether you are a corn or soybean grower,” according to Sarangi. He recommended relying on preemergence (PRE) herbicides because that gives growers a clean start. Then layering PREs is a good option for controlling late emerging weeds.

“Tillage and cultural control are part of this same conversation,” added Peters. Tillage may not eliminate resistance concerns, but it’s another tool that complements diversified herbicide rotations.

For more information on weed management recommendations from the University of Minnesota Extension, visit extension.umn.edu/weed-management.

University of Minnesota’s Strategic Farming: Let’s talk crops! webinar series, offered Wednesdays through March, features discussions with specialists that provide up-to-date, research-based information to help farmers and ag professionals optimize crop management strategies for 2022. Join us February 9 for “Cover crops: Termination timing and planting green.” For more information and to register, visit z.umn.edu/strategic-farming.

Conundrum

Noun

Anything that puzzles.

• SIMPLY DELICIOUS

By Kari Sundberg, Eagle Editor

For anyone who has been to Fozzie’s and is obsessed with their Pulled Pork Mac and Cheese, this recipe is for you. (But whoever has “summer bodies are made in the winter” on the brain, maybe just skip this week’s recipe and just go grab some lettuce. Or spinach. Or both.)

Anyway yeah, it’s cold and that shouldn’t automatically mean we dive into the comfort food, but we’re allowed the occasional splurge, right? So, this week’s splurge is Pulled Pork Mac and Cheese. You can literally pair anything with shredded pork and cheesy macaroni so be creative and enjoy.

Note: this recipe calls for Velveeta, but I’m not a fan of that so I’d substitute it with White American as that’s my favorite and I feel it melts the best for homemade dishes like this, but you can use anything you prefer.

Ingredients

- 3 cups uncooked elbow macaroni
- 6 tablespoons butter, divided
- 1/4 cup all-purpose flour
- 1 teaspoon salt
- 1 teaspoon sugar
- 2 cups milk
- 8 ounces Velveeta cheese,

- cubed
- 1 1/3 cups cottage cheese
- 2/3 cup sour cream
- 2 cups shredded sharp cheddar cheese, divided
- 4 cups pulled pork
- 1 1/4 cups barbecue sauce

Instructions

Preheat the oven to 350 degrees. Cook macaroni according to package directions. Drain the macaroni and place it in a greased 9×13 baking pan (or one slightly larger). In a medium saucepan, melt 4 tablespoons butter. Add in the flour, salt and sugar, then stir until smooth. Gradually add in the milk, stirring constantly. Bring to a boil; cook and stir for 2 minutes or until the mixture has thickened. Reduce the heat to low. Stir in the Velveeta cheese until melted. Stir in cottage cheese, sour cream and 1 cup cheddar cheese until melted. Pour the cheese mixture over macaroni.

In a medium bowl, mix together the pulled pork and barbecue sauce. Spoon the pulled pork evenly over the macaroni and cheese. Sprinkle with the remaining cheddar cheese. Bake, covered, for 20 minutes, then uncover and bake an additional 20 minutes or until heated through. Sprinkle the top with french fried onions or fresh parsley, if desired.

Charger basketball stats from last week

BBB vs. Sacred Heart in EGF on Monday, February 7th

Sacred Heart 66, Chargers 62

Stats: Blake Rychlock (17 pts, 6 reb, 3 asst), Matt Busse (3 pts, 6 reb, 5 asst), Andrew Loken (4 reb), Jordan Coan (12 pts, 10 reb), Carson Rubischko (2 reb, 3 asst), Nick Groven (10 pts, 4 reb), Lewis Jones (20 pts, 7 reb, 3 asst), Reece Sundberg (3 reb)

Coach’s comments: What a game against the 16-1 Eagles! Although we came up just short, I couldn’t be more proud of the effort the Chargers put forth. It was a battle for the whole first half, but then we had a bad stretch for the last few minutes of the 1st half and a 2 point deficit turned into a 38-24 lead for the Eagles at halftime. There was no quit in us though - we chipped away and made plays and got stops. By the time there was 4 minutes left it was a one possession game. Many players stepped up - Lewis made 6 three pointers, Nick made some huge shots down the stretch, Matt made some great passes, and Jordan played like an animal on the glass. Everyone stepped up defensively. We had the ball down 1 with 30 seconds left, but one of their guards made

2 great steals and breakaway layups to steal the game. Other than the stretch before half-time and those 2 turnovers, we played very well. They are the #1 team in the sub-section, and we gave them a great game.

Our other game this week against Win-E-Mac has been rescheduled for Feb. 25. So we will have 9 games over the next 2.5 weeks. We will need team wide contributions to be successful during this challenging stretch!

GBB at Warroad on Monday, February 7th

GG 67, Warroad 26
Hannah Wilebski- 5 points; Kjerstin Nelson- 4 points; Chesney Salo- 8 points; Caitlyn Jacobson- 21 points, 7 assists; Sadie Anderson- 7 points, 5 assists; Kylie Delage- 15 points, 6 reb.; Anna Sundberg- 2 points; Katelyn Larson- 5 points

Coach’s comments: We went to Warroad and they put up a good fight. They forced us into some turnovers and bad shots. It was a close game at halftime. In the second half, our defense tightened up and didn’t allow easy shots for them.

GBB vs. C/G in Clearbrook on Friday, February 11th

Clearbrook/Gonvick over Grygla/Goodridge – no stats available

Hannah Wilebski looks to drive towards the basket and get around the Bears defense last Saturday. Photo by Grygla Eagle Newspaper

Last week, several students from the Goodridge Junior class braved the cold to participate in a UMC campus tour trip with the TRIO Talent Search program. After meeting with an admissions representative and touring the main campus area, they were introduced to the animal science programs and met several of the 'residents' of the barns. *Photos courtesy of Goodridge School*

The Grygla American Legion Auxiliary sponsored a pizza party for the Grygla School Patrol last week. The Grygla School says, "We are very appreciative of the support the Auxiliary has done for our School Patrol over the years and the work they do in our community." *Photos courtesy of Grygla School*

Almost 100 racers compete in the Goodridge-Grygla 500

Pro Racer Dan Revering was in the lead for his class on Saturday where racers completed the first 250 miles that looped from Goodridge to Skime, towards Grygla and back to Goodridge. Many spectators were parked along the roads watching the 90+ racers make their way around the track. *Photo courtesy of Shaunna Olson*

Lots of action over the weekend in Goodridge! Friday night's autograph session at the Lion's Hall was a hit, bringing out young and old to meet 'n' greet the racers! *Photo by Emily Pearl Photography*
