WEM Superintendent Bruer addresses school opening concerns

By Randy Bruer
Some of our community members have expressed concern about opening school for the 2020-2021 school year. People are concerned that holding face-to-face in-person instruction will needlessly expose our students and teachers to COVID-19. They have seen media reports of other states' attempts to return to school, in some cases resulting in higher rates of infection and some teachers resigning rather than chance exposure.

At this time, until we have a safe and effective vaccine, we don't know what the rate of infection will be in our communities. But we can affect that rate by practicing proven prevention such as mask-wearing, hand washing, and social distancing. We want parents to begin practicing prevention with their children before they get to school. The Win-E-Mac school will follow the Governor's order with options available. Masking is working as we learn of reports by our County Health Dept. We watch the rates of infection of our local

communities through the State and County Public Health Departments, and those rates tell us how to deliver instruction while keeping our students and staff safe. In this challenging time, schools are facing many challenges with services and employee shortages so decisions made will not benefit each family the same so we ask your help with our school services.

In Minnesota, the decisions are based on science. The guidance is based on the appropriate response to the incidence of the virus in a community, and proper safety equipment and behavior are key.

This is not about politics any more than wearing your seatbelt, not smoking, or not taking a stroll in a lightning storm is about politics. We are about the safety of our students and staff, and we will provide guidance to ensure that safety based on our very best scientific evidence.

Our teachers, bus drivers, Paras, Cooks, and Custodians are our front line workers. Through their professional

practice, they are the most impactful resource leading to student success. We use our Survey Data not to overwhelm parents and patrons but to structure how we can safely instruct and move students to school. Science will drive the extent to which our teachers can safely teach face-to-face, or we must practice via distance learning.

We pledge to you that a safe environment is of paramount importance; we will accept nothing less for our students and staff, and we respectfully ask for the help of our staff and the wider community in realizing this critical mission. Please see our plans as they are updated and posted when available on www.wemschools.org.

If you have a four-year degree in any occupation and would like to assist as a substitute teacher, we can help you apply for that license. We need sub teachers, and we need a full-time bus driver. If you would like to sub as a cook, custodian, or paraprofessional, please call or email the District Office.

New hunting opportunities on Rydell National Wildlife Refuge for 2020 seasons

Beginning this September, Rydell National Wildlife Refuge, near Erskine, MN will be open to archery deer hunting on nearly 1,400 acres.

This same acreage will also be open to numerous upland game species, including ruffed grouse, ring-necked pheasant, gray partridge, sharp-tailed grouse and prairie chicken (by special State permit only), wild turkey, rabbits and squirrels. Season dates and bag limits will follow those of the State for archery deer and upland game hunting.

Additionally, this portion of the Refuge will be open to mourning doves and woodcock, following the State seasons and bag limits.

Hunting for ducks, geese, and coots will be allowed on this part of the Refuge for youth only, during the two-day Minnesota Youth Waterfowl Season, on September 12th and 13th.

In addition to these new

opportunities, the refuge will continue to host a special two-day mentored youth deer hunt in late October, and a special three-day accessible deer hunt for people with disabilities during mid-October.

For more information on new or existing hunting opportunities on the Refuge, contact Gregg Knutsen, Refuge Manager, at 218-686-4329, or visit the Refuge website at <https://www.fws.gov/refuge/rydell>.

Outdoor concert with Mike Rendahl on Sept. 18th

Singer and songwriter Mike Rendahl, a Fosston native, will perform an outdoor concert on Friday, September 18th at the East Polk Heritage Center grounds in Fosston. The concert will begin at 6:30 PM.

Rendahl grew up in Fosston, where his passion for music began in the fields and forests that surrounded his northern Minnesota home. Rendahl stated, "When I sing and play, I feel

like I go to a completely different place. Nothing in my life has felt more honest and true".

Music is an amazing way to unite people under the commonality of living this life." Rendahl's premier album "About Time" was released in January 2020 on all streaming services.

The concert will follow COVID-19 pandemic guidelines. Limited seating will be avail-

able and spaces for chairs will be marked. We ask that folks bring lawn chairs or blankets – family members can be seated together.

We encourage the wearing of masks as you enter the seating area.

We are in the process of securing a food truck that would be set up prior to the concert with picnic tables provided to accommodate diners. Watch for more information!

Tickets for the concert are \$10 for adults and \$5 for students. Children 5 and under are free. We do need tickets purchased ahead of time to plan for our seating arrangements. They can be purchased at www.fcldaa.org.

Kiel urges Walz admin to stop harassing local businesses

Rep. Deb Kiel, R-Crookston, and more than 50 other Republican lawmakers sent a letter to Gov. Tim Walz Monday in response to a letter sent last week by the Minnesota Department of Health (MDH) and Department of Labor and Industry (DLI) informing hospitality industry leaders of stepped-up compliance checks that could result in fines, forced closure loss of liquor license, workplace investigations, and more.

Previously Gov. Walz has stated that enforcement of state mandates and regulations were to be "educational" in nature rather than punitive. "Our local restaurants have been working incredibly hard to respond to the current public health and economic conditions," said Kiel. "That work should be celebrated, not punished."

"These harsh penalties do not match the low number of cases that have been traced back to restaurants, and are out of step with the aims that

Serving those in need for September

For September, the Grace Community Food Shelf will be open on Thursday, September 10th and Thursday, September 17th from 10:00 AM to 2:00 PM. In addition to Food Shelf Shopping we will also be distributing NAPS (Nutrition Assistance Program for Seniors) food boxes on both the 10th and the 17th for those Seniors that are registered in the program.

We continue to operate under our Covid-19 plan so for people visiting the Food Shelf (322 Vance Ave. in Erskine – in the back of Grace Lutheran Church) we ask that you stay in your car when you arrive. One of our volunteers will bring you a shopping list from which to make your choices of food from. Once completed we will use your list to pick your order and then deliver it out to your car. We are still operating under the WEEKLY income guidelines so please don't hesitate to come and visit us if you are facing any type of nutrition shortage issues. Your friends and neighbors are here to help! If you would like a copy of the shopping list sent to you in advance please send an e-mail to [foodshelf@gracechurchers-](mailto:foodshelf@gracechurchers-kine.org)

kine.org and ask for one. You can also get information on Facebook at Grace Community Food Shelf.

The Food Shelf has been extremely lucky to qualify for two food assistance grants since the Covid-19 started in March. We have been operating on a grant from the Feeding America organization and one from the State of Minnesota Covid Food Assistance. These grants have carried the burden of our increased food response to those impacted by Covid. But in September both of these grants will have been used up and we will once again be on our own for local funding.

Looking for an entry-level position that can turn into a rewarding and family-sustaining career?

By Deputy Commissioner Hamse Warfa

There are many entry-level jobs in demand now that put Minnesotans on a career path to family-sustaining employment.

This week in our Jobs in Demand series, the Department of Employment and Economic Development (DEED) is focusing on entry-level health care and social assistance jobs that, with additional training and certification, can help people move down a career path toward greater responsibilities with higher wages.

In many cases, employers provide or pay for training leading to career advancement for dedicated employees.

Getting an in-demand job and growing in that career may require training to develop new skills before you land the job.

There are opportunities for training for in-demand jobs through DEED and its partners, including through Dislocated Worker services, Pathways to Prosperity and other training grant programs. If you need help preparing to get an in-demand job, contact a CareerForce location near you today.

CareerForceMN.com lists thousands of open health care positions – and many of them, including Personal Care Aides, Nursing Assistants and Registered Nurses, are in the top 30 most posted, high-demand jobs in Minnesota right now.

Many open positions are entry level, requiring only a high school education or equivalent, a background check and on-the-job training to start.

CareerForceMN.com lists wage ranges for jobs in demand. While wages vary by location and employer, Per-

ENVIRONMENTAL SERVICES

Jon Steiner, Environmental Services Director came before the Board with matters pertaining to his department:

1. Resolution (2020-65) Solid
Waste – Pandemic Relief
Solid Waste Fee – Pandemic Relief
RESOLUTION (2020-65)

The following resolution (2020-65) was offered by Commissioner Diedrich:

WHEREAS, A global pandemic occurred in CY2020 which triggered Federal and State actions which prescribed various measures to be taken to protect public health, welfare and safety; and

WHEREAS, On March 13, 2020 the Governor of the State of Minnesota declared a Peacetime Emergency in order to activate various emergency protocols to address the Pandemic. Multiple extensions to that declaration have since been issued; and

WHEREAS, On March 16, 2020 the Governor of the State of Minnesota issued Executive Order #20-04 to order the closure of 'places of accommodation' which included, but not limited to, the following: restaurants, food courts, cafes, coffeehouses, bars, taverns, clubs,

lounges, theaters, other indoor/outdoor entertainment venues, gyms, fitness centers, and other facilities for sports, athletics, activities or recreation. Multiple new Orders, as well as modification, extension, expansion or contraction of the scope existing Orders have since been issued; and

WHEREAS, The impact of Executive Order #20-04 and all subsequent Executive Orders had a profound negative impact on 'places of accommodation' within Polk County which resulted in the loss of revenue and drop in waste generation from these entities; and

WHEREAS, Polk County Board of Commissioners desires to provide financial relief from the Pandemic and the associated governmental responses to it; and

WHEREAS, Polk County Solid Waste Ordinance Section 5.2000 titled 'Service Charges' allows for a Solid Waste Assessment which appear on the Polk County property tax statements each year as a special assessment. Said Assessment is used by Polk County to fund solid waste programs and expenses necessary to protect the public health, safety and environment; and

WHEREAS, Polk County Solid Waste Ordinance Section 5.2600 titled 'Appeals from Assessment' allows for the owner of real property or business to file for an appeal of their Assessment on a form provided by the Department if the Assessment is not equitable. Said appeals shall be made prior to the July 1st deadline; and

WHEREAS, The Polk County Board of Commissioners desires to provide the option for immediate relief from the impact of the Pandemic and the associated government responses to it, including the option for said 'places of accommodation' to appeal their Assessment.

THEREFORE BE IT RESOLVED, The Polk County Board of Commissioners finds the Pandemic, and the associated governmental responses to it, presents a unique circumstance for which to justify modification to the appeal process as prescribed by the Solid Waste Ordinance for the CY2020 Assessment; and

BE IT FURTHER RESOLVED, The Polk County Board of Commissioners hereby extends the deadline to file and appeal of the CY2020 Assessment until October 1, 2020; and

BE IT FURTHER RESOLVED, Said relief measures shall apply to those 'places of accommodation' which are located in Polk County Solid Waste District #2, excluding the incorporated legal boundaries of any unit of government which was a recipient of dispersed CARES Funding directly from the Federal Government or the State of Minnesota.

BE IT FURTHER RESOLVED, The Board directs the Environmental Service Department to review each application for abatement to avoid duplication of services which may be encountered if participation in other CARES Act Funding or similar programs has already provided relief that could be used for payment of the CY 2020 Assessment.

Commissioner Willhite seconded the foregoing resolution and it was declared adopted upon the following vote. YEAS: Lee, Diedrich, Willhite, Strandell and Jacobson. NAYS: None.

2. CY2021 Waste & Special

RESOLUTION (2020-69)
Election CARES Act Grant

The following resolution (2020-69) was offered by Commissioner Diedrich:

WHEREAS, The COVID-19 Pandemic requires additional efforts to make the election process safe, sanitary and effective; and

WHEREAS, The Office of the Minnesota Secretary of State is currently soliciting grant applications from counties for grants pursuant to Laws 2020, Chapter 77, section 4 and the federal CARES Act; and

WHEREAS, Grants will be provided to each county pursuant to a formula set forth in Section H of the grant application provided by the Office of the Secretary of State; and

WHEREAS, The funds provided by the Office of the Secretary of State are provided for the purpose of the uses set forth in the federal CARES Act and as further restricted by Laws 2020, chapter 77, section 4, subdivision 4; and

WHEREAS, Those purposes are primarily for the protection of persons involved with the election process including voters, as well as certain other purchases set forth in law; and

WHEREAS, The county will work with the municipalities within the county to determine a fair, equitable, and mutually agreeable allocation of the funds within the County and between municipalities, and if an agreement cannot be reached, the funds will be distributed pursuant to the OSS identified default allocation as determined by the Secretary and provided in Section G of the grant application; and

WHEREAS, The grant application is to be completed by the staff of the auditor and other staff responsible for the administration of elections in this county; and

WHEREAS, The grant application must be completed, certified by a county official, typically the chief county election official, returned to the Office of the Secretary of State and a grant agreement executed prior to the receipt of the funds to which the county is entitled pursuant to Section H of the grant application; and

WHEREAS, Laws 2020, Chapter 77, Section 4 requires a 20% match for the grant, with a 25% match for electronic roster purchases; and

WHEREAS, The grant agreement will reflect the grant application for each county; and

WHEREAS, Additional assistance may be forthcoming later in this election cycle from state and federal funds, particularly those funds appropriated or these purposes by the Legislature; and

WHEREAS, There are continuing needs throughout the election cycle for both COVID-19 and election security efforts and concomitant costs; and

WHEREAS, Time is of the essence;

THEREFORE BE IT RESOLVED, That the grant application in the form presented to this board and to be submitted to the Office of the Secretary of State is hereby approved; and

BE IT FURTHER RESOLVED, That the Board hereby appropriates the required match amount as indicated in the application for the purposes set forth in the grant application.

[ALTERNATIVE: BE IT FURTHER RESOLVED, That the Board directs the spending of existing county funds in an amount equivalent to the required match indicated in the application on the purposes for which the grant is received]

BE IT FURTHER RESOLVED, That the chief elections officer of the County and staff are directed to submit this approved grant application at the earliest opportunity; and

BE IT FURTHER RESOLVED, That when the grant agreement is provided to the chief elections officer of the county, that person is delegated the authority to execute that agreement and return it to the Office of the Secretary of State without further approval by this Board; and

BE IT FINALLY RESOLVED, That the chief elections officer of the county is hereby authorized to apply for any additional funds made available by the state for the defrayment of costs of efforts to combat COVID-19 in the election process and for the enhancement of election security, and to execute any grant agreements required to access those funds from this date until the general election on November 3, 2020.

Commissioner Lee seconded the foregoing resolution and it was declared adopted upon the following vote. YEAS: Lee, Diedrich, Willhite,

Strandell and Jacobson. NAYS: None.

Superindents Notes

Social Media
and home internet

Social Media is a huge problem among young people today using cell phones. We know that students send some illegal texts, and pictures among themselves and this can be considered a crime. We have seen the news media asking PARENTS to speak with your children about the use of their cell phone in and out of school, along with apps to view and stay away from, and how the phone should be used. Please take the time to speak with your child because we know this is happening among our student population. It can also be considered a form of bullying which is a common and potentially damaging form of violence among students.

Another potential scam will take shape as student spend more time on-line at home. They could be talked into a money scam using their technology equipment at home. Please watch and speak to your children about this issue.

Review these questions
each time you send your
child to school.

Does your child have one or more of these symptoms?
- Fever greater than or equal to 100.0 degrees F, difficulty breathing, new onset and/or

worsening cough or new loss of taste or smell.

Does your child have at least two or more of these symptoms? - Sore throat, nausea, vomiting, diarrhea, chills, muscle pain, excessive fatigue, new onset of severe headache, new onset of nasal congestion or runny nose. If you see any of these symptoms call the school and keep your child home. It is not worth risking a virus in school as we will be forced to shut down.

We will be taking temp checks before entering the bus and also entering the school.

Important Notice; Free &
Reduced application forms

I know you read and hear this announcement time and time again but I cannot stress

enough how important these forms are to the school district to access funding for our school. Our school loses money in compensatory funding and will lose this year again because our eligibility percent has dropped.

If you are the parent of a child and know you may meet the eligibility requirements of the program, please fill them out and return them to the school or see the Superintendent even if you are not attending school in person for are home schooling. The forms are confidential and it does not mean you need to take advantage of what the form has to offer, but we still ask you to fill it out. It does affect our compensatory funding for our school, free or reduced meal money for kids, 0% interest on QZAB loans, reduced phone and internet bills for our school, Title 1 funding, Federal funding, computer, technology and equipment grants, and learning materials. At the beginning of the year or anytime during this year, we ask parents or custodial parents to fill out the free and reduced request forms. If you do not have internet for children, please call us as we have a special pricing program available through Garden Valley Telephone.

Century 21

After-School Program

Win-E-Mac has been awarded another year of grant dollars for an after school program. Our school along with 3 other districts will be funded for a program of 5 days a week plus summer, for kids attending our school district. If your child would like to be in an extended program after school until 5:15, call the school @ 218-563-2900 for more details. We will also offer an early morning drop-off if needed for parents beginning at 7:30 am.

Patriot Pride Boosters

This group of parents and community members want to help with all aspects of the school and is open to anyone who is willing to help achieve this goal. There is no fee to join and for more information contact patriotpridebooster@gmail.com.

Extra
Curricular Activities

The district will not have extra-curricular activities and sports taking place after school this fall as they have been postponed to Spring. We are working to see how we can introduce the Junior High Athletics this fall if things can be aligned. Catch the Patriot Spirit and keep us in mind.

Now more than ever, North Country Food Bank needs support
from northwest & west central MN in the fight against hunger

Feeding America Network Food Banks across the Country Unite for Hunger Action Month Amid COVID-19 Pandemic

Hunger impacts people in every corner of the country, including more than 40,000 of our neighbors in northwest and west central Minnesota. And given the impact of the COVID-19 pandemic, that number may increase this year.

That's why North Country Food Bank joins Feeding America® food banks nationwide

this September to take part in Hunger Action Month and inspire people to take action and bring attention to the reality of food insecurity in America. This year's campaign comes at a critical time when the COVID-19 pandemic has hurt millions of people living paycheck to paycheck. Due to staggering unemployment rates,

Feeding America estimates an additional 17 million people could be food insecure in 2020 as a result of this crisis, bringing the total up to 54 million people.

“North Country needs support from the community now more than ever to help neighbors in need. Hunger existed in our community long before the pandemic. And, now, more of our neighbors – kids in our children's classes, families just trying to get by, and seniors on fixed incomes - could be struggling to put food on the table today.

"In the fight against hunger EVERY ACTION COUNTS. You can make a real difference by volunteering, by donating, and by being an advocate for hunger issues. Instead of just being concerned about hunger, I urge everyone to please get involved and discover how simple it is to make a real difference. "Every dollar counts. Every person who helps makes a difference. And, every person we help matters."

"We need your help now more than ever," said Claire

Babineaux-Fontenot, CEO of Feeding America. "Hunger in this country existed long before COVID-19, but the pandemic has thrust more and more of our neighbors into food insecurity, and food banks are responding to a sustained, increased demand. With support of the community, together we can end hunger one helping at a time."

September marks the thirteenth year the Feeding America network has organized this
