RLCC Student Senate advisor Randy Huie received the Advisor of the Year award for the Northwest Student Senate Division.

## Northwest Division Student Council Advisor of the Year

*By Kia Bachand*  
The Northwest Division (NWD) Student Council Advisor of the Year Award went to Mr. Randy Huie. Huie will receive a certificate for his award at the State Student Council Convention in April. To obtain this award, the advisors of the NWD vote on who they believe deserves it. He has received this award in the years of 2011-2012 and 2014-2015. Huie has been involved in Student Senate for 21 years at Red Lake County Central High School.  
Huie's favorite part about Student Senate is being able to lead and guide students through beginning leadership. In the RLCC High School Student Senate, he most enjoys

getting to help students plan activities like homecoming, blood drives, recycling, and summits. Huie has learned to let students lead and make mistakes to become better leaders, and to not micromanage them.  
From his 21 years of being a Student Senate Advisor, one of his favorite things was hosting a summit the last two out of three years. One of his most humorous moments was when students played practical jokes on him on the way to the State Convention.  
Huie is also the head Track and Field coach for boys and girls, the assistant coach for Boys Basketball, a senior class advisor, and a history teacher at RLCC High School.

This has been a strange week. It seems like it is impossible to decide what the temperature is going to be and what clothes you should wear. I dislike thinking we are having winter weather in October. Today wasn't too bad but, tomorrow sounds changeable.

Luke Swenson came across the 1935 cab south of Oklee. He said he has seen it for years in the wood and thought it was just an old car body, until one day he decided to stop and check it out. At that time, Luke saw it was a truck cab with the name "Ingvald Olson". He called Dave Olson, to ask if he knew the person's name on the truck. Dave says, "that's my Grandpa"! We were graced with some sunshine this past week, and some farmers were fortunate enough to get the rest of their crops taken off. But some farmers in the valley, the beets are still being taken in as best they can from their muddy fields. Over the weekend there were significant rains and in some spots the beets had to wait for the fields to dry up some more. It has been a rough fall for harvesting.

Damage from snow caused the building next to D & R Grocery to collapse last Wednesday.

## Snow causes damage to buildings in area

Snow on roofs has caused much damage in the area. In the past couple of weeks, there have been a few buildings that have had their roofs collapse into the building.

Ross Hegge had one of his sheds collapse recently on top of his equipment stored inside.

And D & R Grocery owners said their building to the north has collapse last Wednesday due to snow.

Many have been clearing off their roofs before the last storm came in for fear of roofs collapsing.

Snow fall this year according to Einar Kvasager's Weather report is now at 69.875 inches for this year. The snow came early this year and there have been very few days where thawing has occurred.

The sun has been shining and much snow has melted.

## Senior Site News & Other Things

By Volunteer Iona Berry

Another week has passed and we still look at snow all around Oklee. Today is nice with some melting taking place. There is still so much snow around that you wonder if April will see any birds returning from their winter homes. This coming week there is hope for better weather.

I attended the meal and bingo put on by members of the Fair Board. The meal was very good. I wasn't lucky at Bingo, but I did get to visit with many people. It was well attended and many people came from other towns.

This week there will be a meeting of the Senior Site Board. It takes place Thursday morning at 10:00 a.m. If you have something to bring up at the meeting, please tell a board member or attend the meeting.

I'm sure many people remember Marlan Barsness. Marlan has been living in Fosston for the past few years. He passed away last week, his funeral will be held at John-

son's Funeral Home in Oklee on March 23rd at 10:30 p.m. Marlan's sister, Irene Rosten, volunteers at the Oklee Senior Site. Sympathy to Irene.

I also saw in the Grand Forks Herald that Erna (Flatgard) Scholin passed away at her winter home in Texas. She graduated from Oklee High School and I would visit her when I saw her. Don has bees on her land north of Oklee.

**Dates to Remember**  
**March 20:** First Day of Spring.  
**March 21:** Senior Site Council meeting at 10:00 a.m.

Husband: Water in the

Wife: I tell you the car has water in the carburetor.  
Husband: You don't even know was a carburetor is. Where's the car?  
Wife: In the swimming pool.

**An Irish lad named Sean** was doing so well with his furniture business that he decided to take a trip to France. When he returned to Ireland his friend Brendan asked him, "Why did you go to France and you not speaking a word of the language? How could you make yourself understood?"  
"Let me tell you," said Sean. "I met this lass in the park. I drew a picture of plates and food, and so we went out to eat. After drawing a picture of people dancing, we went to a nightclub. At midnight could you imagine, she took my pen and drew a picture of a bed."  
"Faith 'n begorra!" exclaimed Brendan. "How did she know you were in the furniture business?"

## Brooks - Terrebonne News

By Barb Novak 218-698-4296 novakbl@gvtel.com

The weather has turned to the nicer side. No storm this past weekend. What a change for us. People started to get out and do things. Shopping, and visiting, and dancing. Jerome and I took in a Sunday afternoon dance fest at Cozy in Brooks where Cathy Erickson was playing some good old polka tunes. It was a great time we had, getting away from the television and all the bad news they seem to find. Louise Manacke was there from Fosston and many people from all over the area were there. What a great time we all had. I even got in some exercise on the dance floor.

Our sympathy to the family of Pam Paradis in the loss of her brother-in-law Wayne Ballantine who passed on Monday. He was shoveling snow and had a heart attack. His wife is Vanessa, Pam's sister. Our deepest sympathy to the family. May he rest in peace.

Valentine Schindler, the youngest of the original Schindler family, died last week. He was a life-long farmer in the area. He and his wife Delores raised a large family. Our sympathy goes to the family

and our prayers go to them too. May he rest in peace.

Vern and Mary Schindler are celebrating their 54th Anniversary this month. Vern has been in the hospital with breathing problems, and Mary has been busy with visiting him. We hope Vern recovers soon and is back home soon.

Clarence and Dianne Gagner have returned from an extensive trip to Arizona and then Florida. They went to Arizona and visited friends and family in Arizona. They reported that it was cool there this year and that they had to use heat most of the time. They went to Tucson to visit with Vern LaCoursiere and Barb. They went to the Red Lake County picnic at Mesa and visited with friends from Red Lake County that were wintering in Arizona. They then went to Florida to visit with Madeline and Parnell Thibert at Cape Canaveral, Florida. They also visited with Roger and Mary Jane Paradis, and with Brian and Eldora Paradis who also winter in Florida. They left here January 13, and returned on March 7th. They missed all the bad weather we have had.

Anyone going to Moorhead this next Sunday can take in the debut skating show at the Moorhead Sports Center. Finley Huotari will be making her debut in skating. She is so excited and her grandma Joyce is too. Joyce Morinville also went to the dance recital at Plummer of her two young dancers Brooklyn and Harper. Ryan and Kelsey Paradis, Emma and Elizabeth Determan and Heidi and Jess Determan, all attended the recital.

It seems we all get antsy after being cooped up in the house over winter, and this year is no exception. I think everyone is sporting a really big smile now that the worst seems to be over. We still have the specter of flooding hanging over us but hopefully it will all soak in rather than coming cross country and flooding our homes. The piles of snow on the corners though make some believe that the culverts will be blocked and water will be forced where it shouldn't be going. There is some sense in that theory. We'll see I suppose. Have a great week, and greet the sunshine.

## Plummer News

By Alice Jobe 218-465-4402

What a week we had! Saturday night we got around nine inches of snow. Mass was canceled at Brooks. Some of us Plummer people went to Red Lake Falls mass for 10 a.m. service. It took about an hour to shovel my driveway.

This morning the neighbor boys made a cute snowman. Sawyer is a third grader, the other boy is around four. They had great time. The snowman has a stocking hat, buttons for his face and a scarf.

On Friday, March 8th, Fern Eskeli passed away at Oakland Park Nursing Home. I had seen her two days before. The funeral will be at Immanuel Lutheran Church in Plummer on March 22nd, a Friday. Fern enjoyed going to Red Hats for lunch with us and also we used to go for coffee at Lil' Joe's and later the Legion.

On Tuesday afternoon, three young Amish men were on the school roof and were removing the snow. It was 40 degrees and they were earing their straw hats.

Last Friday, Anna DeHate, Anne Traxler and Alice Jobe went to St. Bernard's for the Fish Fry. It was delicious!

Today, Thursday, Bob Traxler went to pick up Brodie and Brielle from Thief River as they didn't have school.

While we did get about one half inch snow, and rain before that, it's no more than strong gusts of wind - probably forty mph.

Anna DeHate visited with Faith Guillemette on Wednes-

day after noon.

I talked to my nephew, Mike Kukowski on Sunday. He said they had 12 calves born so far. A couple had frost bitten ears but other than that they were doing fine.

I saw on TV, a guy paid \$2,000 for a billboard to wish is dad a Happy Birthday with his dad's number on it. His dad got 1500 or more calls from all over the world. Kind of crazy.

On Monday and Tuesday I got sow off the house roof with the roof rake. In all I shoveled 5 days in a row.

Warm weather is coming. So, think spring! Muddy roads and frost boils, crocus' and tulips.

## A SIMPLE TEST COULD SAVE YOUR LIFE

Colon cancer often has no symptoms, but it can be detected early—when it is most curable. Screening options include a colonoscopy or an at-home FIT test. Talk to your doctor about which test is right for you. It might be the most important conversation you'll have.
