

Valley News Live Weather Kid is Plummer's own Isaac Rath

Valley News Live featured a segment with Isaac Rath, of Plummer, as Weather Kid of the week. Isaac is the son of Jacob and Kari Rath.

With winter weather quickly approaching, it is a good time to review some storms facts. Being prepared for any situation helps the long, cold season seem more bearable, while keeping yourself safe from the elements.

Winter is the signature season of Minnesota. It's normally a long season of cold temperatures and snow and ice that can last from November through April. Winter doesn't slow Minnesotans down. We are just as mobile, social and active during the winter as we are during the summer months. But in order to ensure a safe and enjoyable winter, it is critical to be informed and aware of the potential risks and hazards associated with winter weather and how to avoid them.

The topics below describe some of the more common features of winter weather, including warnings and alerts and resources for more information.

Winter Storms:

How Winter Storms Form

There are many ways for winter storms to form; however, all have three key components.

COLD AIR: For snow and ice to form, the temperature must be below freezing in the clouds and near the ground.

MOISTURE: Water evaporating from bodies of water, such as a large lake, is an excellent source of moisture.

LIFT: Lift causes moisture to rise and form clouds and precipitation.

Warnings and Alerts: Keeping Ahead of the Storm

Minnesotans should listen to a NOAA Weather Radio, commercial radio and television for the latest winter storm warnings, watches and advisories. The National Weather Service issues outlooks, watches, warnings and advisories for all winter weather hazards. Here's what they mean and what to do.

OUTLOOK: Winter storm conditions are possible in the next 2-5 days. Stay tuned to local media for updates.

WATCH: Winter storm con-

ditions are possible within the next 36-48 hours. Prepare now!

WARNING: Life-threatening severe winter conditions have begun or will begin within 24 hours. Act now.

ADVISORY: Winter weather conditions are expected to cause significant inconveniences and may be hazardous. If you are cautious, these situations should not be life threatening. Electronic equipment is available to receive weather information: NOAA Weather Radio, radio, television, and cellphone.

Extreme Cold

At some point every winter, temperatures in Minnesota drop below zero. Adding even a small wind can drive the wind chill effect down to dangerous levels for anyone exposed to it for very long. The best way to avoid any danger is to stay indoors, but if you do feel the need to venture outdoors, make sure to take proper precautions and know how to spot the signs of frostbite and hypothermia.

Winter Storms Fact Sheet:

Extreme Cold

Injuries Related to Cold

- 50% happen to people over 60 years old
- More than 75% happen to males
- About 20% occur in the home

Extended exposure to extremely cold temperatures can cause frostbite or hypothermia and become life-threatening. Infants and elderly people are most susceptible. What constitutes extreme cold varies in different parts of the country and from person to person. Typically in Minnesota extreme cold usually means temperatures near or below zero degrees Fahrenheit. However even extended exposure to temperatures of 40°F or less can be hazardous to vulnerable people, especially if factored with wind chill.

Wind Chill

Wind chill is not the actual temperature but rather how wind and cold feel on exposed skin. As the wind increases, heat is carried away from the body at an accelerated rate, driving down the core body temperature. Animals are also affected by wind chill; however,

cars, plants and other objects are not. A wind chill of -20° Fahrenheit (F) will cause frostbite in just 30 minutes.

NWS Wind Chill Chart

Frostbite is localized damage to body tissue caused by extreme cold. The condition causes a loss of feeling and a white or pale appearance in extremities, such as fingers, toes, ear lobes or the tip of the nose. If symptoms are detected, get medical help immediately! If you must wait for help, slowly rewarm affected areas. However, if the person is also showing signs of hypothermia, warm the body core before the extremities.

Fact Sheet: Frostbite

Hypothermia is a condition brought on when the body temperature drops to less than 95°F. It can kill. For those who survive, there are likely to be lasting kidney, liver and pancreas problems. Warning signs include uncontrollable shivering, memory loss, disorientation, incoherence, slurred speech, drowsiness and apparent exhaustion. Take the person's temperature. If below 95°F, seek medical care immediately!

Fact Sheet: Hypothermia

If Medical Care is Not Available, warm the person slowly, starting with the body core.

Warming the arms and legs first drives cold blood toward the heart and can lead to heart failure. If necessary, use your body heat to help. Get the person into dry clothing and wrap in a warm blanket covering the head and neck. Do not give the person alcohol, drugs, coffee or any hot beverage or food. Warm broth is the first food to offer.

Heavy Snow and Ice

Heavy snow can immobilize a region: stranding commuters, closing airports, stopping the flow of supplies, and disrupting emergency and medical services. Accumulations of snow can cause roofs to collapse and knock down trees and power lines. Homes and farms may be isolated for days and unprotected livestock may be lost. The cost of snow removal, repairing damages, and the loss of business can have severe economic impacts on cities and towns.

RLCC students help with community clean up in Plummer, Brooks and Oklee

On Wednesday, October 19, 2022, Red Lake County High School Students and Staff helped the Brooks, Oklee, and Plummer Communities with their fall cleanup. After lunch, Junior High Students loaded the buses and traveled to Brooks and Plummer for their assignments while Mrs. Sandra Tougas led the senior high who stayed in Oklee Community.

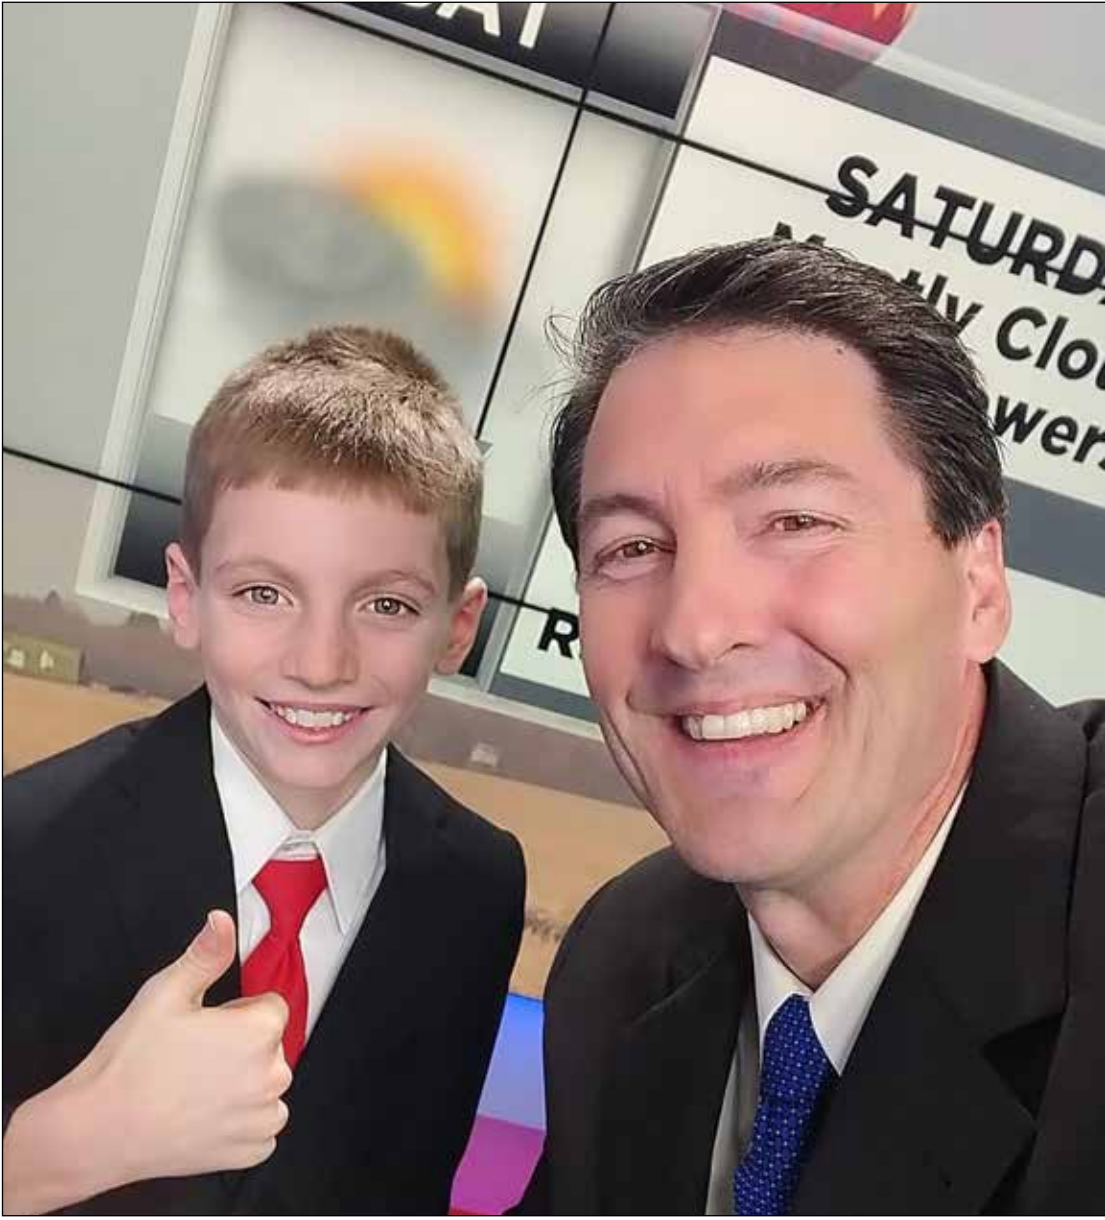

Mrs. Tougas delegated advisory groups to community parks and community members' lawns to help rake up extra leaves and wash windows. Mrs. Tvedt, Mrs. Musker, Mr.

Paskvan, Mr. Strutz, Mr. Moll, Mr. Illies, Mr. Paul Nelson, and Mr. Huie each led their advisory students into action after Mrs. Tougas gave them their assignments.

Mrs. Lisa Sorenson led students and staff around Plummer. Mrs. Sorenson gave assignments to the advisors who spanned the community to help with the extra autumn cleanup. Mrs. Bernstein, Mr. Guillemette, Mrs. Voeltz, and Ms. Roisland helped their advisory groups in their leaf-raking adventure throughout Plummer.

Ms. Hamrum was leading the Brooks Crew. Ms. Hamrum charged the students with the tasks of washing windows at the church and community center and raking leaves at the church, community center, and senior homes. Students finished their day at Brooks City Park. Mr. Baril, Mr. Aaron Nelson, Mrs. Aakhus, and Mrs. Kristina Nelson helped the students with their tasks.

Students returned to the school at 2:30, where they were treated to ice cream bars and free time in the Gym.

Pictured to the left is Natalie Vettleson, daughter of Shane and Amanda Vettleson, with the Turkey she shot last week. She went out for a hunt and was able to get this nice Turkey on her own. She even set up her phone against the Ranger to snap a photo, congratulations to Natalie! The Oklee Herald is looking for submissions from other hunter and youth hunters in the area. Please send photos and descriptions so you can be featured in the next additions of the Herald- and safe hunting!

Cougars Down Rebels- Football moves on to Postseason

The 2022 regular football season came to an end October 19th as the Red Lake County Rebels would travel to Ada. This game would be a match-up of two 6-1 football teams.

RLC would take the opening drive down the field. RLC used a balance of Brock Seeger, Damon Ferguson and Gerald Melin to move down the field, Ferguson would score and RLC took a 8-0 lead.

After stopping ABW, the Rebels again moved the ball. As they moved into the red zone, a fumble would give ABW the ball.

From there, it was all Cougars as RLC had too many mistakes on the night. ABW would take that drive and go 75 yards to score. After an RLC interception, the Cougars would only need to go 15 yards for a second score. A Rebel fumble would then lead to ABW scoring with 7 seconds left in the half to take a 22-8 lead.

In the end, RLC's 4 turnovers would be too much to overcome. RLC would fall 36-8 and end the regular season with a 6-2 record.

Ferguson would rush for 104 yards giving him 1,012 for the year.

Jokes

A six-year old boy called his mother from his friend Chad's house and confessed he had broken a lamp when he threw a football in their living room.

"But, Mom," he said, brightening, "you don't have to worry about buying a another one. Chad's mother said it was irreplaceable."

A little girl notices some strands of her mother's hair are turning white. "Mom," she asks, "Why is your hair turning white?"

Annoyed, her mother responds, "Because I have a little girl who is constantly making trouble and causing me to worry."

The little girl thinks about it for a few minutes and says, "So why is Grandma's hair all white."

Have a great week!

Plummer News

By Alice Jobe 218-465-4402

Ethan Gallant of Grand Forks spent the weekend with his grandpa Roger Gallant.

Redeemer Lutheran Church got together on Wednesday by two men.

Saturday night, Anne Traxler, Wavell Sorenson and Alice Jobe went to the lutefisk supper at Grygla. They also served meatballs, carrots, mashed potatoes, lefse and lots of desserts. They had a good crowd.

Wavell Sorenson left September 30th for Wild Rose, Wisconsin to attend a 90th birthday and reunion for her last Siebert uncle, Gerald- a surprise! There were about 55 attending, with lots of 1st, 2nd

and 3rd cousins and two aunts Corrine and Cathy. The party was October 1st.

On Thursday, Peggy Hesse, Glenyce Eskeli, Loretta Hesse, Lorna Huotari, Gaylene Ness (from the cities) and Anna DeHate went out to eat in Thief River.

On Thursday, Phyllis Unruh, of Warroad, came to visit Alice Jobe, her sister. After that she went to Oklee for some quilting material. They enjoyed visiting over coffee and caramel rolls.

The youth deer hunting was Thursday and Friday during MEA. They had some nice fall weather for it.

Brodie and Brielle visited Anne Traxler during the weekend of MEA break.

They weather finally warmed up, so it was good to get out and rake leaves. I stuffed my big pumpkin with leaves and also did my pumpkin man for the deck.

This week the construction guys poured cement for the sidewalks, Tuesday and Wednesday. It's looking really good, but lots left to do.

Some of the harvesting has been done. I believe it is just soybeans and sunflowers left. The weather has cooperated but that'll change in a few days. Have a good week!

By Barb Novak 218-698-4296 novakbl@gvtel.com

It is really windy outside and the forecast is for storms across middle America this week. This morning the report was that Montana in some places, got over a foot of snow. Ski resorts are hailing the glory of opening up for the season already. I personally, would like a few more weeks of nicer weather. Maybe we can weather this storm and return to really nice weather for two or three weeks. My mother always said I was a dreamer.

Katlyn Gagner the granddaughter of Clarence and Dianne Gagner celebrated her 8th birthday last week. Both Clarence and Dianne Gagner and Leroy and Joyce Christian-

son went to help her celebrate her birthday. Congratulations to you Katlyn.

Cindy Determan went to Slayton to stay with her Dad Paul Beech for a week. They went pheasant hunting all week. She said the weather was so wonderful and it was fun to get out and do something with him that he so enjoyed. They were successful hunters, and bagged 14 pheasants.

On Sunday this week, Cindy Determan went to the Knights of Columbus breakfast at St. Joes of Red Lake Falls. Sue Lacoursierre and Garry Lacoursierre were there as well as Jerome Novak. The breakfast was a big hit and many people were there to help the Knights with

their support. The Knights put on a lot of activities for our youth and they support many charities.

Clarence and Dianne Gagner went to Battle Lake on Sunday to help Tyler Gagner with a home project. They want to continue the party for Katlyn as well.

On Saturday, Father Duane Pribula of Moorhead came to visit with Barb and Jerome Novak after attending a funeral in Mentor. We had dinner for him and then visited part of the afternoon with him.

That is the news I could glean for this week. I hope you all have a great week and are smiling at your neighbor. We are fortunate that we live in a friendly area. Keep smiling, and plant a tree.

Sons of Norway- RIT comes to Thief River Falls

We are in for a treat, when the musical program RIT is performed at the Northland College auditorium on Thursday, November 3rd at 7:00 pm. Snorre Lodge is bringing back Norwegian artists Reidun Horvei and Inger-Kristine Riber, who performed "Migrasong" in Thief River Falls back in 2018.

RIT showcases the poetry of Norwegian Olav H. Hauge as performed by Horvei and Riber. Katherine Jane Hanson will introduce the program and the poet. She is an Affiliate Associate Professor at the Department of Scandinavian studies at the University of Washington. Having met Hauge as she pursued her doctorate, Hanson knows his poetry in a deep way.

Olav H. Hauge, lifelong resident of Ulvik, Norway on the Hardangerford, enjoyed both critical and popular success during his lifetime (1908-1994). Since his death his stature has only grown. Hauge's iconic poem "Det er den draumen" ("This is the Dream") was recently designated as Norway's national poem. The poems in this song cycle follow the seasons of the year at the same time that they mark developments in Hauge's poetry and in his personal life.

Inger-Kristine Riber, an accomplished Norwegian pianist who grew up near Ulvik, imagined and composed the stage production "RIT." Singer Reidun Horvei (NO), county singer in Vestland (fylkeskvedar) will recite the poetry and sing pieces that Riber composed.

The word "rit" is old Norwegian for "write" or "sketch." The poems in the song cycle follow the seasons of the year at the same time that they mark developments in Hauge's poetry and personal life.

After the premier of RIT at the Ulvik Poetry Festival in September 2021, it was performed 25 times throughout western Norway. In the U.S., the show will have already

traveled to Minneapolis, South Dakota, Washington state and North Dakota before it comes to Thief River Falls. The tour will conclude in New York City.

The composer, text developer, and musicians have collaborated closely in this production to explore Hauge's dreamscape. The goal is to bring the audience into thoughts, feelings, and spaces they've never visited before. RIT is shaped like a monologue that alternates between recitation, narration, and song. The work shows a development with moments of humor, drama, anxiety, but also a calmness that offers openness, reflection, meditation and a greater experience of Hauge's poetry.

After its great success in Norway last year, the musical program RIT with Inger-Kristine Riber (left) and Reidun Horvei (right) had its North American premier in Minneapolis on October 23rd.

About the performers

Singer Reidun Horvei has worked as a freelance soprano and folk singer for many years. She has had concert tours across large parts of Norway with special programs, ranging from classical music to folk song to contemporary music. Horvei is also well-known to audiences in the United States. Her most recent tours presented a musical program called Migrasong about the Norwegian immigration to North America, which we were fortunate to have performed in Thief River Falls in 2018. This program was also a collaboration with Riber. More recently, the two Norwegians collaborated with the Seattle-Bergen String Quartet on a Norwegian Christmas program, Vintersong, performing in Seattle, Bergen, and throughout Hordaland in Norway.

Pianist and composer Inger-Kristine Riber was educated at the University of Oslo, Norway's musikkhogskole and the Hochschule für Musik, Theater und Medien in Hanover,

Germany. In addition to her solo studies in classical piano and chamber music, Riber has also made a mark in cultural entrepreneurship. Much of her work is colored by a vision to create new arenas for classical music.

Katherine Hanson earned her doctorate from the University of Washington Department of Scandinavian Language and Literature, with her dissertation "Nature Imagery in Olav H. Hauge's Poetry." Hanson has taught at St. Olaf College in Northfield, Minnesota, Pacific Lutheran University in Tacoma, Washington, and more recently, the University of Washington.

Hanson is also a recognized scholar in Norway and was awarded the Amboltprisen (Anvil Award) by the Friends of Olav H. Hauge Association in 2021. The award recognizes extraordinary contributors to the knowledge and promotion of awareness of the poetry of Norwegian poet Olav Hauge. Earlier in 2008, the American poet Robert Bly, one of Hauge's translators, was also a recipient of this prestigious literary prize. RIT is a lecturing concert that combines an introduction to the poetry of Olav H. Hauge with music composed to illustrate the meaning of the poems.

Freewill offering at the door. Sponsored by Snorre Lodge Sons of Norway.

New nonfiction for those who enjoy military history: "Russia: Revolution and Civil War, 1917-1921" by Antony Beevor; "An epic new account of the conflict that reshaped Eastern Europe and set the stage for the rest of the twentieth century. Between 1917 and 1921 a devastating struggle took place in Russia following the collapse of the Tsarist empire. The doomed White alliance of moderate socialists and reactionary monarchists stood little chance against Trotsky's Red Army and the single-minded Communist dictatorship under Lenin. In the savage civil war that followed, terror begat terror, which in turn led to

ever greater cruelty than man's inhumanity to man, woman and child. The struggle became a world war by proxy as Churchill deployed weaponry and troops from the British empire, while contingents from the United States, France, Italy, Japan, Poland, and Czechoslovakia played rival parts. Using the most up to date scholarship and archival research, Antony Beevor assembles the complete picture in a gripping narrative that conveys the conflict through the eyes of everyone from the worker on the streets of Petrograd to the cavalry officer on the battlefield and the doctor in an improvised hospital." amazon.com.
