A Legacy Lives on through Red Lake County Theater Program

The Red Lake County Central Theater Program presented "The Dearly Undeparted", a three-act play, last weekend. Student actors and actresses did a wonderful job capturing the audience with this quirky production. A successful show was not the only thing to celebrate, however. This winter the com-

munity mourned the loss of Linda Mickelson, a longtime supporter of the RLCC Theater program and educator in our county. Not only did Linda have an impact on the Red Lake County Central school and theater program, she also raised a family that continues to make her proud with their

accomplishments. Eric Mickelson, son of the late Linda Mickelson, recently published a book titled "For the love of family, friends, and tractors". Her grandsons can be seen above, posing for a photo with the chair set out in Linda's honor. Linda attended Oklee Public School graduating in 1960. She

then attended Bemidji State University receiving a Degree in Elementary Education. Afterwards she took a job at Washington Elementary School (now J.A. Hughes) in Red Lake Falls, MN. It was there that she taught for 45 years and made left a lasting legacy with anyone she encountered.

A seat was left empty in honor of Linda Mickelson at the RLCC three-act theater performance last weekend. Linda passed away in January, but she was a longtime supporter of the theater program and never missed and opening night. Linda's grandsons Bronco and Guy Bergeson were involved in the play.

Use your voice to Protect Aging in Greater Minnesota

Without your voice greater Minnesota stands to lose critical support for community-based services. The Minnesota Board on Aging is tasked to create an equitable funding formula. The outcome of the proposed formula would mean funding cuts to greater Minnesota; this includes northwest and west central Minnesota. The existing formula is heavily weighted on population and not need. We need a formula that works for rural Minnesota. Locally, the cuts would affect organizations such as senior meals, and other senior programs. We need your help to prevent these cuts. Protecting aging in our communities assures that our neighbors, families, and friends can age well at home. When aging in place is supported, the entire community benefits. Beyond the health and wellness benefits, community members can benefit from the wisdom that older adults can share from their life experiences. The Older Americans Act (OAA) funds critical services that keep our nation's seniors healthy and independent, including meals, homemaker assistance, chores, caregiver support, transportation, and more. Paramount to the successful leveraging of OAA funds is the requirement that these funds be the payer of last resort. States and regions have the duty of exhausting all other funding options first, and OAA services are often the only services available in our greater MN communities. Additionally, rural Minnesota lacks robust philanthropic funding or a booming network of non-profits to step in and

fill gaps when needed. Therefore, it is imperative that OAA funding is allocated to afford rural Minnesotans the same opportunities as the Metro area population. Rural communities face closed hospitals or unreachable health care services, a deepened digital divide, lost jobs at industries economically anchoring rural communities, and greater food insecurity for older adults. The need for a conversation around rural service funding seems more critical than ever. The challenges to providing services in rural environments include few transportation options and poorly maintained roads, older housing needing repairs, limited senior housing, and limited technology in areas, including broadband. Several services would be decreased in the northwest and west central regions, including Meals on Wheels, grocery delivery, trips to medical appointments, social gatherings, and shopping. The cuts also include adult day programs, snow removal, lawn-care, and respite for caregivers. As a community that values older adults, we are tasked to voice our concern for the reallocation of funding that would decrease resource in outstate MN. How do we value and support aging in rural communities? We can do this by reaching out to our state and county elected officials regarding the intrastate funding formula and asking them to provide public comment. For easy access to state and county elected officials go to www.GreaterMinnesotaAging.org to PREVENT CUTS! PROTECT AGING IN GREATER MINNESOTA.

Did you know??...

There's the Cornish superstition that buying a new broom in May is unlucky. Oh, and apparently, you shouldn't wash any blankets either!

I think there's a Softball field under there somewhere!

Aiden Miller, RLCC student, takes a walk through knee-deep snow at the Mustang Softball field. The Mustangs would love to play a game soon, but the arrival of more snow last week will add additional delays to outdoor practices and games. The spring sport schedule tends to have many changes due to weather. For the most up-to-date Rebel and Mustang schedules please visit the ISD 2906 website.

Congratulations to the Rebels Basketball team that participated in the 5th grade boys' tournament in Grand Forks on Saturday April 15th. The team beat Grafton in the first game, then lost to Grand Forks in the semifinals, and in their final game of the day, the Rebels beat Detroit Lakes to take home the 3rd place medals. Great way to finish the season! Photo submitted by Steve Phillon.

RLCC Theater Department presents "The Dearly Undeparted"

Once again, the Red Lake County Central High School put on an amazing performance with "The Dearly Undeparted," directed by Mr. Tyrell Hamrum. Luci Svendsen plays the sweet grandmother who refuses to move into a nursing home. So her greedy son, Vern, tricks her into a fake seance to convince her that her late husband agrees that she should move to the nursing home. However, his plan backfires when Louie, the undeparted, played by Oliver

Russillo, shows up instead. Lillie Lundeen, as Ooga, with her seance workers, played by McKenzie Ham and Bronco Bergeson, give Pearl and her family a chaotic evening as Pearl's grandson, Lyle, played by Guy Bergeson, tries to sort out the whole mess. The cast gave audience members a great show with their characterizations of these zany characters, including stalker Allison Beedle played by Hailey Hanson, who's in love with Lyle. Vern

shows up with his confused lawyer, played by Peyton Williams, and Lyle's wife, played by McKenzie Tofstad, and two children, played by Gavin Roisland and Peyton Williams (in another role) come to confront Lyle and leave without him. Mr. Hamrum and his crew continue the tradition of entertaining RLCC and its surrounding community! At the end of the evening, Mr. Hamrum congratulated his

cast and made special note of Luci Svendsen who has been a regular actor taking the stage since seventh grade. According to Hamrum, "I've always called her 'My Last O.G.' as Luci was the youngest cast member when I took over the theater program from Mr. Mike Swenson. It is better sweet for this to be her last performance." Congratulations to all theater members as we look forward to future performances.

Pictured above: Luci Svendsen, RLCC senior, who has been in theater since 7th grade.
